Sample Receiving

Samples can be delivered to us 24/7 including during all lab closures. From January 16, 2023, couriers will stow samples delivered outside of lab operating hours in secure receiving lockers in the building lobby. During lab operating hours, deliveries may be deposited in the locker system or given to a member of the Covid lab team if a signature is required.

Samples which arrive after the sample receipt deadline or arrive with order or labeling issues may not get processed prior to the lab closure. The lab will hold samples and process after reopening.

Covid Support and Patient Support

Covid Support and Patient Support will close for the same dates as the lab, except where marked. Their teams will be available during their regular hours on the day before and after each closure.

Regular hours*: 9 am- 5 pm, daily.

Site support: covidsupport@broadinstitute.org

Patient support: crsp-careevolve@broadinstitute.org

** Support hours are subject to change based on demand*
